## What kind of events does OATA have?

OATA has a retreat and general meeting every year and we have a conference every 2 years or more, and we facilitate workshops in-between where we can.

OATA will sometimes work with others to help provide events such as joint events with members or other art therapy organizations.

OATA keeps a calendar of not only OATA events, but art therapy events by members, and other related events when we hear about them.

These are great opportunities to learn, to network and get involved!
